

Asoni360 Compact Digital PTZ Solution

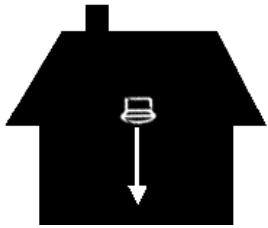

- ▶ 3D virtual-reality surveillance system
- ▶ Real-Time PTZ Control
- ▶ Support multiple-type Lens with 360°, 180°, 90° and wide angle
- ▶ Various kinds of split viewing window
- ▶ Create DVR/Snapshot portable file without install full Asoni360 system program
- ▶ Support dual screen for viewing

Main Features

- Asoni360 is 3D virtual-reality technical surveillance system.
- Each camera's video runs on its maximum resolution. All in High Quality Jpeg/MJPEG compression.
- With 360 degree (Ceiling-Mount), 180 degree (Wall/Surface Mount), 90 degree and Wide Angle, provide entire viewing without blind spot.
- Full featured PTZ control, with camera side no moving part and mechanical mechanism.
- Works with all WIN32 platform Windows XP, 2000 and Vista.
- High performance motion detector and motion recording save your disk space, compare with full time recorded MPEG4/H.264 compression.
- Create portable DVR/Snapshot file, without install full Asoni360 system program
- Control Panel Style User Interface, easy learning and easy operation. No multifarious GUI control button and toolbar occupied viewing screen. Everything control by mouse button and wheel clicks and scrolls.
- Individual Dual Screen supported, maximized you monitoring area
- Multiple-type Lens supported, Fisheye Lens, Wide Angle Lens, 360 degree Convex/Concave Mirror.
- Real-Time PTZ control, no Internet/RS-485 transmission delay (1 ~ 5 Seconds)
- 360/180-degree Digital PTZ surveillance with IP camera equipment everything is visible at all times, for viewing, recording and replaying.
- Asoni360 made surveillance operation as simple as we could provide, Asoni360 removed all unnecessary function, e.g. Schedule Recording, Multi-level user management, FTP, Short Message Notify. We hope Asoni360 to be foolproof surveillance system.
